HOW TO BOOK

ABOUT ME

I'm Simone, a destination wedding photographer based in Tuscany, between Florence and Siena.

I grew up in Florence, and I've always been shaped by art — the countryside that looks like a painting, the museums, the light.

Photography became my language in 2005, and in 2016 I turned it into my full-time profession.

Today I photograph 400+ weddings with one obsession: giving you images that don't just look beautiful — they bring you back to what you felt. I work with a calm presence, a friendly energy, and a discreet way of moving through your day. You won't feel "directed all the time".

You'll feel safe, guided when it matters, and free to live it.

THE METHOD

THE WEDDING CONTEMPORARY METHOD

*MAKING PHOTOGRAPHS
IS AN ACT OF CARE*

WHAT'S MEAN

I photograph what you're living — not what you're "supposed" to perform. I look for the emotional truth of the day, for you and for your guests, using light and creativity to turn real moments into images you'll still feel years from now.

BEFORE

We align on taste, priorities, and pace. If you're planning from abroad, we keep communication easy and clear — so decisions feel lighter and you're never guessing.

DURING

I help you feel comfortable quickly, without embarrassment. I'm present and helpful, but I know how to be discreet — to capture what matters without making you feel observed.

AFTER

The final signature is Kroma Wed: my advanced post-production with distinctive colour and black & white, designed to give your story a coherent, authorial finish.

WORKFLOW & TIMEFRAME

STANDARD POST PRODUCTION

Focuses on clean consistency: exposure, white balance, contrast, crop/straighten — a refined, natural base across the full gallery.

ADVANCED POST PRODUCTION

TESTIMONIALS

We absolutely loved working with Simone! He was incredibly creative and such a pleasure to have with us on our big day. He made everyone feel completely comfortable, which really shows in the beautiful, natural images he captured. From spontaneous, joy-filled moments to the formal family portraits that we'll cherish as heirlooms for years to come, every photo is truly special.

As a busy bride and groom caught up in the whirlwind of the day, we didn't get to take in all the little details—but he did. Looking back at the photos now, months later, we're overjoyed to relive every moment through his thoughtful, detailed, and artistic work. We couldn't recommend him more highly!

Simone is absolutely incredible, we hired him for our wedding in Tuscany and it was the best decision we made!! Him and his partner were there for both the welcome party and the wedding day/reception and they captured the most precious moments. We just received our photos and are stunned with how amazing they all are. Simone is an incredibly kind and thoughtful person who made my husband and I feel so comfortable throughout all of the photography. He is so easy going and was so on point with lighting and capturing true raw emotion. Him and his partner were an absolute joy to be around! His editing skills are incredible and we are truly so grateful to have met him and been able to hire him for this special day. If you're thinking about hiring him I promise you will not regret it! Thank you Simone!!

TESTIMONIALS

We couldn't have asked for a better photographer! Simone perfectly captured our wedding day – all the emotions, the laughter, and even the quiet, tender moments. I usually don't feel comfortable in front of the camera, but he was such a calm, supportive presence that I actually forgot I was being photographed.

He guided us beautifully throughout the day, never intrusive, always kind and encouraging. The photos are exactly what we wanted – full of feeling, atmosphere, and life. He delivered everything within two weeks, just as promised!

We're beyond grateful for his talent and professionalism. If you're looking for someone who truly gets it and captures your day exactly as it felt, Simone is your person. Absolutely recommend him to anyone!

We had the pleasure of working with Simone for our wedding, and we couldn't be more thrilled with the results! From start to finish, his professionalism and talent were evident. The photos are absolutely stunning and perfectly capture every beautiful moment of our special day. He was attentive, creative, and made sure we felt relaxed and comfortable throughout the entire process. Looking through the pictures takes us right back to the magic of that weekend! A calm, well-balanced collection for couples who want more than highlights – but still prefer a streamlined experience.

Six hours is often the sweet spot for intimate destination weddings: enough time to capture atmosphere, ceremony, and the emotional rhythm of the day, without feeling “covered by a camera”.

The edit is clean and consistent, shaped to feel timeless and honest.

Best for:

Intimate destination weddings, elegant weekday celebrations, and couples who want a complete story without a full-day pace.

HAPPINESS

F.A.Q.

- **HOW FAR DO YOU TRAVEL, AND HOW DO YOU HANDLE TRANSFERS?**

I can photograph weddings anywhere in the world. For weddings outside Italy, I typically arrive two to three days before the event. For locations more than two hours from my studio, I arrive the day before and leave the day after – so nothing is left to chance.

- **WHAT ARE THE TRAVEL FEES?**

Travel fees are always stated clearly in advance (travel + accommodation included).

Typical ranges: Rome/Cinque Terre €500, North Italy/Lakes €600, Amalfi Coast/Apulia/Sicily €700, Tuscany/Umbria (over 2 hours) €150. Outside Italy: calculated.

- **WILL YOU BE ABLE TO PHOTOGRAPH ALL OF OUR GUESTS?**

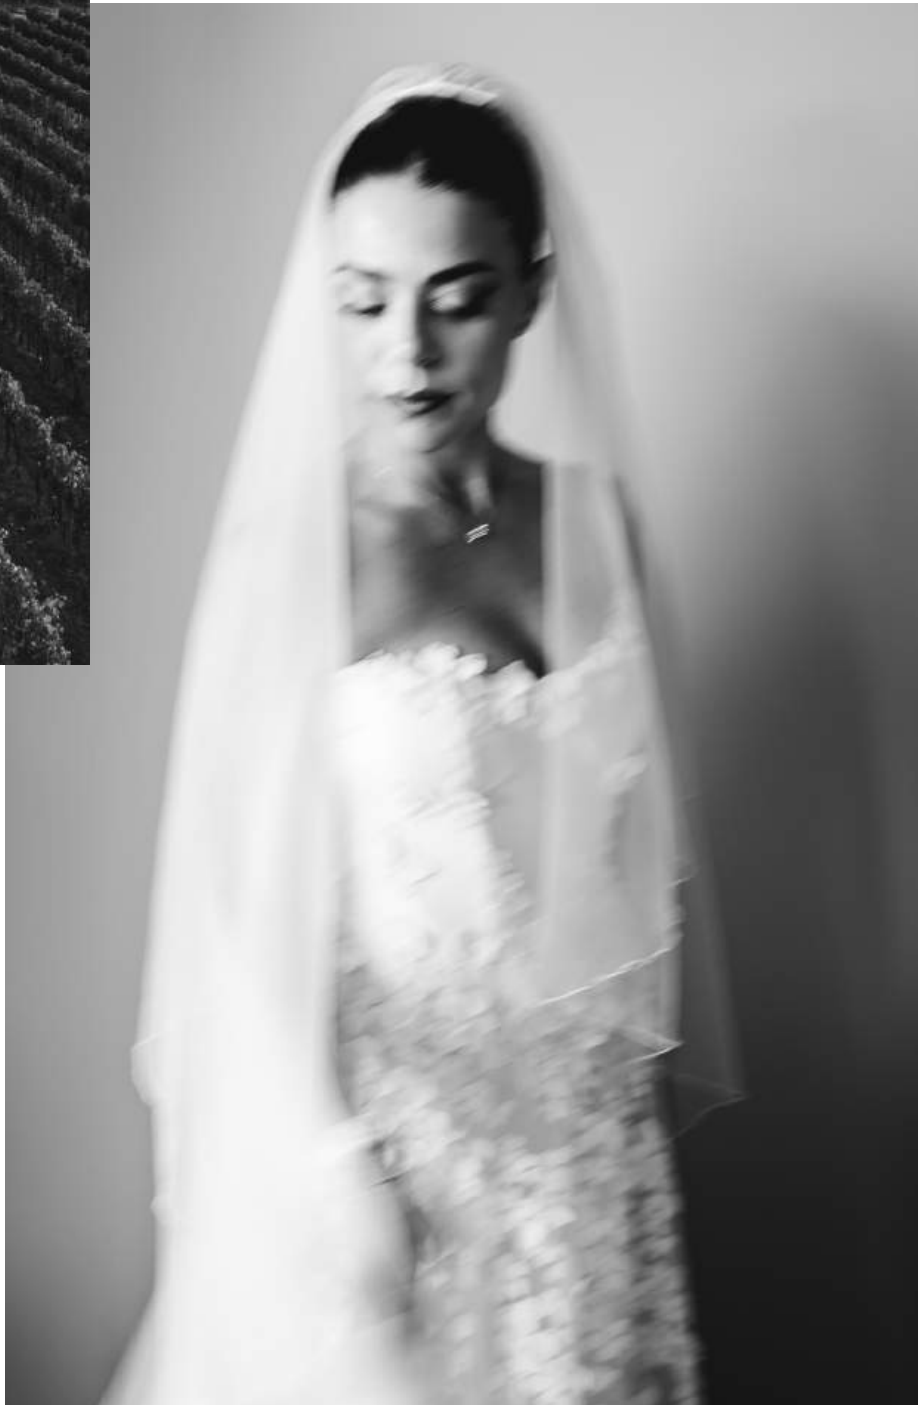

My mainly approach is reportage: real moments, not forced coverage. With many guests, some very shy people may not appear naturally – so tell me who matters most to you. Planning a few group photos before dinner also helps ensure everyone is included.

- **WILL WE HAVE GROUP PORTRAITS AS WELL?**

Yes – they're essential. I'll guide them efficiently and impeccably. I recommend planning about 20 minutes between cocktail hour and dinner for family and wedding party portraits.

- **CAN WE HAVE THE RAW FILES?**

Final delivery is high-resolution JPG files. RAW files can be provided for an additional fee (including hard drive and shipment).
